

In-Situ Straight Leg Sling HS

S15

- Divided leg sling offering full body and head support
 - Designed to provide full body support on transfer
 - Adjustable integral head support with removable stiffeners
 - Easy to apply with low-friction fabric to leg areas and head support for ease of application
- Soft binding as standard
 - Once the patient has been transferred, this sling can be left in-situ, subject to an appropriate risk assessment
 - Fixed colour-coded loop tapes as standard
 - Wash temp 71°C / 159°F
 - Tumble dry low heat (max 50°C)

NB: Silva-Safety Slot® tapes available upon request
